Sustainable Production + Natural Look & Feel
The future of fencing

perform fencing

Discover Perform Fencing. The innovative, stylish alternative to traditional timber fencing.

Blending the natural characteristics of wood with the long-lasting durability of advanced capped composite materials, Perform Fencing will look and feel great for decades to come.

Natural appearance

Perform Fencing is available in two natural colours, each finished with an attractive, timber-like surface grain.

Easy installation

Transform any outdoor living space with versatile Perform Fencing. Maximum flexibility, minimal waste.

Outstanding durability

Perform Fencing resists fading from UV light, and it is impervious to insects and other pests.

Minimal maintenance

Simply wash with a soft-bristled brush and warm, soapy water - no staining or painting required.

Sustainable

No hazardous materials - such as benzene or formaldehyde - are used in the Perform Fencing manufacturing process.

Exceptional value

While high-performance Perform Fencing may have a higher initial cost than traditional fencing, its exceptional durability and low maintenance guarantee fantastic long-term value.
